In 1956, Herbert Wanner came to the United States as part of a 25-member team to formally install the Volkswagen franchise dealer service network. In 1960, Mr. Wanner was appointed National Service Manager of the Volkswagen brand at corporate headquarters in Englewood Cliffs, NJ. Four years later, he moved to Lancaster and founded Autohaus Lancaster, representing Volkswagen, Audi, and Porsche brands.

Autohaus is a family owned store located in beautiful, scenic, and historic Lancaster, PA. If you love German autos, and are tired of shopping at big, faceless "car sales factories," and are looking for a dealership you can call home, Autohaus Lancaster is the place for you. We look forward to assisting you.

The Right Car

We know how you feel. Not just "any" car will do. It must meet and fulfill your expectations. We take pride in servicing our customer base and we look forward to adding your name to that list. Let us show you why so many customers place their trust in Autohaus.

The Right Dealer

At Autohaus, we are passionate about the cars we sell and the service we deliver. From the most luxurious Audi to the fastest, most agile Porsche, from the most fun and economical Volkswagen to the most inexpensive pre-owned car or truck, our staff is trained to deliver exactly what you want at a price that is competitive. If we don't have your next vehicle in stock (and chances are we do), we will find it for you.

Pricing

Autohaus will give you all the pricing information you need right up front. We routinely monitor the market to make sure that our prices are competitive. We encourage you to use the computers in our showroom to do your own pricing research. That's why we can guarantee you the best prices. In fact, we guarantee to beat any bona fide written offer on an in stock vehicle by a minimum of \$100.

Financing

Autohaus is a factory authorized agency for Volkswagen, Audi and Porsche, and as such we are able to offer the most favorable finance offers when financing with Volkswagen Credit, Audi Financial services or Porsche Financial Services. Autohaus also enjoys relationships with other local and national lenders. Our volume of business enables us to offer rates and terms typically below those which an individual may be able to obtain, providing faster service and more convenience.

Service

It's what we do. Passionate car owners place a high priority on servicing their "babies." We have to prove our competence every day in satisfying the owners of some of the world's finest automobiles. Customers new to our area have been so pleased with our Service Department that they now purchase their new cars from us.

Commitment

Every vehicle is assigned a service writer who follows that vehicle through its life. Service advisors can offer services both in a package or individually priced. You can make an appointment with us on line, in person, or by telephone. We utilize a fleet of vehicles for rental or for loan for required factory warranty work. We also offer alternate transportation via our customer Courtesy Shuttle. Our technicians are factory certified and we continually update their training with factory schooling throughout the year.

Über Cool Pre-Owned Vehicles

Our used vehicles must pass a rigorous Autohaus service inspection. If it won't pass our inspection it won't pass yours. We only keep the very best trades for our lot. We have established a solid reputation for quality used cars and have sold vehicles across the country and even internationally through our internet division.

Certified Vehicles

Autohaus stocks a large selection of factory-certified pre-owned Porsches, Audis and Volkswagens. These vehicles carry the balance of factory warranty when available, plus additional coverage to ease any worries. These vehicles are run through a battery of tests and checks. On average, over \$1,500 is invested on each of our pre-owned certified vehicles so that you can drive with peace of mind knowing that you are getting the most car for your money.

Special factory sponsored finance rates are often available on certified vehicles, which can save you money if you are financing your vehicle purchase. Ask your Salesperson about special finance offers.
